

## Drilling 96K

The basis Merkel drilling is built around the 96K three-lock system; this gun is the all-rounder in the small game hunting ground. The system is a technical delicacy, which makes drillings as elegant as they are efficient. The Blitz locks are controlled via the three-position cocking slide on the stock tang. The front trigger is fitted with a set trigger for the precision shot. Depending on the position of the cocking slide, the right barrel or lower barrel can be fired in the engaged position.

### TECHNICAL DATA

**SYSTEM** Drilling / Triple-lock system (Blitz system) with manual rifle barrel cocking / Steel bascule / combined safety and cocking lever on the handle of the stock / Greener locking mechanism with double underlug locking

**CALIBRE** **Rifle calibre:** 6,5x57R / 7x57R / 7x65R / .30R Blaser / 8x57IRS / 9,3x74R /  
**Shotgun calibre:** 12/76 / 20/76 /  
**Chokes:** 1/2-1/1 /  
**Optional:** 1/4-1/2 / incl. Steel shot proofing / 1/4-3/4

**TRIGGER** Double trigger / **Optional:** polished triggers / gold plated trigger

**WEIGHT** approx. 3,1 kg

**LENGTH** Overall length 98 cm (at 55 cm barrel length)

---

**BARREL** with sights /  
**Optional:** Spare barrels

---

**STOCK** Pistol grip / with cheek piece / Hogs back comb / Rubber butt plate /  
**Optional:** Left handed stock / Custom stock making / further stock variations possible /  
**Woodclasses:** from 5

---

**ENGRAVINGS** hand-made hunting motive engraving / hand-made arabesque engraving /  
**Optional:** individualised, hand-made engravings

---

**MOUNTS** prepared for Suhl swing mount
