

## HELIX Lady DS

The HELIX Lady-DS is the hunting rifle from a woman's perspective: The butt plate has been adjusted to a woman's anatomy. A steep pistol grip allows for a relaxed use of the trigger, even with smaller hands and a strongly dampening butt plate reduces the recoil. Well balanced when equipped with a semi-weight barrel for an especially comfortable shooting behaviour. The straight stock is shorter and combined with a Monte-Carlo cheek-piece, wherein the butt plate is located deeper than the stock comb. No compromises, instead perfect ergonomics for quick, comfortable and safe shooting.

### TECHNICAL DATA

#### SYSTEM

Straight-pull bolt-action rifle with a 1:2 transmission / closed system housing / real take-down / Barrel change option / 6 locking slugs turning head lock / Manual cocking lever / 3-round magazine (+1)

#### CALIBRE
